College Students Ought to Know...

1. BEHAVIORS - to be encouraged and avoided:
 - It is important to read each course syllabus.
 - College is very different from high school.
 - It is your responsibility to question everything, assume nothing.
 - Another change from high school is the diversity of students - don't close yourself off from experiences with any students.
 - Know how to address instructors (Professor or Doctor).
 - Be polite and respectful to members of the College community.
 - Know the importance of the first class meeting - you should be ready.
 - Attendance in class must be carefully considered, even for online courses.
 - Being late to class can be embarrassing and unacceptable.
 - It is important to take part in activities.
 - You must be willing to ask for help as soon as you think you need it.
 - About time management - "plan your work, and then work your plan."
 - Study groups with fellow students is an excellent way to prepare for exams.
 - Successful students realize the importance of keeping informed about what is happening in the rest of the world.
 - Faculty are very serious about their academic disciplines.
 - Take seriousness seriously - work hard to play hard.
 - If your out of class obligations (childcare, eldercare, work) cause you to fall behind, reach out to your instructor right away. They are there to help you.
2. PERSONAL SUGGESTIONS - to help make the transition to college life:
 - You will be exposed to new experiences that aren't part of the academic schedule.
 - If on campus, you may be asked to show your student I.D. Card (given by the College), have it with you at all times.
 - Sometimes you can help yourself to get into a more productive or creative mood (i.e., by changing your environment for studying).
3. KNOWLEDGE OF SELF - items to help define the individual:
 - You need to know yourself in a way that perhaps you never realized.
 - Hopefully, you will have had life experiences that will have challenged your senses and beliefs and will have required you to think about your own position in life in relation to others.
 - You ought to have some heroes in your life, people who have qualities or attributes that you admire.
4. ABILITIES **necessary for college success** - There are certain intellectual abilities that are assumed or even required as you begin college level courses:

 - Almost all of a college education is based on reading.

Intercollegiate athletics is an integral part of the College's extracurricular activities. Athletics are open to all students who meet the basic eligibility requirements of the National Junior College of Athletics Association (NJCAA), the College, and the SUNY Schenectady Athletic Office. SUNY Schenectady is a member of the National Junior College Athletic Association, Region III, and the Mountain Valley Conference. Competing teams come from New York, Massachusetts, Vermont, New Hampshire, and Connecticut. For student athletes to maintain high quality academic work, regular attendance at class is required. Absence from class is considered a serious matter. Student athletes are encouraged to complete all assignments and other requirements of each course. If an absence is anticipated due to an athletic event, the student has the responsibility of informing the instructor well in advance of the event. All student athletes must work with their instructors to understand how an absence(s) due to an athletic game will count in the overall grading of each course. All athletes are expected to demonstrate effort in their classes and to conduct themselves in an appropriate manner (both on and off campus).

Equity in Athletics Disclosure Act:

The Equity in Athletics Disclosure Act requires co-educational institutions of postsecondary education that participate in a Title IV, federal student financial assistance program, and have an intercollegiate athletic program, to prepare an annual report to the U.S. Department of Education on athletic participation, staffing, and revenues and expenses, by men's and women's teams. The Department will use this information when preparing required reports on gender equity in intercollegiate athletics.

SUNY Schenectady County Community College is in compliance with the Equity in Athletics Disclosure Act. Annually the College reports information about all our intercollegiate athletic programs. Equity in athletics data is now available on the Web at: <http://ope.ed.gov/athletics>. This site also provides data from thousands of colleges and universities in a convenient searchable format so as to provide for comparisons to be made.

Disability Resource Office (ADA Transition Services)

Elston Hall, Room 222 | 518-381-1345

Susanna Adams, Coordinator of ADA Transition Services adamssj@sunysccc.edu

ADA Transition Services provides a variety of resources and services for students with permanent and/or temporary disabilities. Collaborative efforts ensure programs and opportunities are accessible. Accommodations are personalized for each student. For example, some students receive extended time on exams with a distraction-reduced environment while others require large print on all handouts.

Students may visit the Student Affairs Office (Elston 222) Monday through Friday between 8:30 a.m. and 4:30 p.m. to get additional information about the ADA Transition Services Office.

How to Obtain Academic Accommodations:

Students who would like to request academic accommodations should contact the Office of ADA Transition Services and schedule an appointment. It should be noted that accommodations that are provided at previous schools are not automatically transferred to SUNY Schenectady since guidelines vary from institution to institution.

It is best to send documentation describing the disability and its impact in the college setting to the Office of ADA Transition Services prior to scheduling a meeting about accommodations. Those individuals who are enrolling in classes at SUNY Schenectady immediately after high school are asked to forward their School Psychologist's Report along with their IEP (Individualized Education Program). Those who are entering college as returning adults should obtain the disability documentation from their health care provider (e.g., psychologist, psychiatrist, neurologist, orthopedist, ophthalmologist, audiologist, or other diagnosing health care provider, as appropriate). The Disability Certification Packet, available in the Student Affairs Office (Elston Hall 222), provides a guideline regarding the type of information to be included in the documentation. Students should ask their healthcare provider to complete the Packet or provide a report that includes the key pieces of information outlined in the Disability Certification Packet.

The disability documentation that each student submits provides an important foundation from which to begin discussion about the kinds of resources and accommodations that might be appropriate. However, these reports give only one small part of the picture. Joint discussion and creative problem solving are emphasized when accommodations are generated. Students are expected to take the lead role in discussion about accommodations and their disability; when appropriate, they can invite additional interested parties into the conversation.

Where to Submit Disability Documentation:

Office of ADA Transition Services
Elston Hall, Room 222
Attn: Susanna Adams, Coordinator
SUNY Schenectady County Community College
78 Washington Avenue
Schenectady, NY 12305

When to Register with ADA Transition Services:

Students are encouraged to register for accommodations with the Office of ADA Transition Services upon admission to SUNY Schenectady. However, sometimes disability-related barriers are not discovered until after coursework has begun. Students should not hesitate to contact the Office to discuss accommodations at any point in time if they begin to realize that accommodations may make their classes more educationally accessible to them.

CareerNext at SUNY Schenectady:

CareerNext at SUNY Schenectady is an academic and residential support program hosted by SUNY Schenectady in partnership with Living Resources. The program is designed for matriculated students with Autism Spectrum Disorders and other learning differences who may need additional support and guidance to succeed in a traditional college environment.

CareerNext at SUNY Schenectady is a fee-for-service support program. For more information, contact the Office of ADA Transition Services or visit <https://careernext.org/>.

Emergency Evacuation Information:

All students who require some form of assistance during fire drills or other times of potential evacuation are strongly encouraged to register with the ADA Transition Services Office even if classroom-related accommodations are not needed.

SUNY Schenectady recognizes that there are a variety of situations that can impact safe evacuations (e.g., orthopedic injuries and a lack of elevator access, panic attacks, etc.) and may lead to confusion about procedure. The ADA Transition Services Coordinator collaborates with all students registering with the ADA Transition Services Office to determine strategies that can address any likely evacuation issues that a person might confront. Evacuation assistance information is listed on the faculty notification letters along with any other accommodations that may be appropriate for the student.

Voter Registration Assistance:

The Office of ADA Transition Services at SUNY Schenectady is an agency-based voter registration site where voter registration application forms and information are available and where students will be offered the opportunity to register to vote. If you would like information, voter registration application forms (which we can mail in for you), or voter registration assistance of any kind, please call 518-381-1345 or email our office at adamssj@sunysccc.edu.

Financial Literacy

College is a time of new-found freedom for many students. However, that can spell trouble if that freedom results in poor personal finances. Students need to understand basic money management skills such as living within a budget and handling credit and debt. Financial literacy empowers students to make informed decisions to promote lifelong financial success.

Budgeting

One of the most important Financial Literacy skills is creating and following a financial spending plan or personal budget. A budget is simply a plan that outlines your income and your outgoing expenses, with the goal of making sure your expenses are not greater than your income.

Creating a Budget:

1. Record your spending. For one month, write down everything you spend money on. From your monthly rent and car payments down to that cup of coffee you bought on the way to class or that pizza you bought on the way home.
2. Evaluate your spending. Compare your monthly expenses to your monthly income. If your expenses are greater than your income, then you need to examine your spending habits and determine how to reduce your expenses. One way to

do this is to prioritize your spending, ranking items in order of importance from basic living essentials to a daily cup of coffee.

3. Create a balanced budget. Make a spending plan where your monthly income is equal to or greater than your monthly expenses. To do this, you may need to eliminate some spending or find ways of reducing the expense of things you need.
4. Stick to your budget. Now that you have created your budget, it is important to follow it and not over spend..
5. Revisit and revise your budget as your income, expenses and financial goals change.

Saving Strategies:

1. Set up a savings account and contribute to it regularly. A healthy savings account can reduce the need to use a credit card for unforeseen expenses, such as car repairs or medical expenses.
2. Save more by spending less. Find less expensive options for items you need every day or every week, like shampoo, paper towels, or laundry detergent. Watch for sales and use coupons when possible.
3. Find ways to increase and diversify your income through investing or side jobs. This allows you to put more money into your savings goals.

Budget Busters:

1. Buying things you want that you do not necessarily need.
2. Buying expensive items when less expensive items of equal quality are available.
3. Unforeseen expenses like car repairs and medical expenses. Having a savings account for emergency expenses can help you stick to your budget.

Student Borrowing

Borrowing a student loan to help pay for your educational expenses is a reality most students must face. With that reality comes the obvious question, “How much should I borrow?”

To help answer this question, students should follow these guidelines:

Borrow only what you need for your educational expenses and resist the temptation to use your student loans for other things.

- Consider how much you will need to borrow to meet your long term educational goals, whether it is an associates, bachelors, masters degree, or beyond. Consider what your monthly payments will be on the loan when it comes time to repay it.
- Consider what other expenses you will have after graduation, such as housing, food, transportation, insurance, credit cards, etc.
- Consider what the average starting salary is for the career field you plan to enter when you complete your college education. Aim to keep total student loan borrowing under this salary amount.

A useful tool to help students determine what their monthly loan payments may be is the online repayment calculator provided by the U.S. Department of Education.

More information on repaying student loans can be found on the Repaying Your Loans section of the Federal Student Aid web site.

Credit Cards

Used wisely, credit cards can be a very helpful financial tool to have at your disposal. A credit card allows you to purchase items you need right now, reduce the need to carry cash, create a record of your purchases, and can provide protection and extended warranties on your purchases.

However, credit cards can be easily abused and have negative consequences. Overspending, accumulated interest, finance charges, and fees can dramatically increase the overall debt on your credit card.

Some tips for managing your credit card are:

- Avoid impulse spending. If you do not absolutely need it, do not buy it.
- Pay off the balance on your credit card each month.
- Avoid credit cards with annual fees.
- Do not use your credit card to as a means to access a lifestyle you cannot afford.

Responsible use of credit cards can be a viable tool for building a strong personal financial status. Reckless and unhindered use of credit cards can lead to excessive debt and an unfavorable credit history.

For more information on financial literacy, visit the 360 Degrees of Financial Literacy website for a Net Price College Calculator and Basic Financial Calculator for College Students at <https://www.360financialliteracy.org/>.

Do you receive TAP?

Important Notes for TAP (Tuition Assistance Program) Recipients

In addition to meeting the financial eligibility requirements for TAP, you must meet the following academic criteria:

- \$ You must be taking a minimum of 6 credits required for your program of study. If you are taking an elective and that requirement has already been met with another course, it will not count.
- \$ You must be taking a minimum of 6 credits for which you have not already earned credit with a grade of D- or better.
NOTE: If you wish to repeat a course to improve the grade and still be reviewed for TAP, you would need to add the repeated course(s) on top of 12 other degree applicable credits.
- \$ You must continue to make academic progress per the chart in the Financial Aid section of the SUNY Schenectady College Catalog.

Failure To Follow These Guidelines May Result In Losing Your Tap Eligibility

Federal Financial Aid Refund Policy

Policy

The U.S. Department of Education has implemented a refund policy for federal financial aid programs (Pell, SEOG, and Student Loans). When a student withdraws from or stops attending all classes in the first 60% of a term, federal regulations require that the college calculate the percentage and amount of federal financial aid the student did not “earn” by their attendance and return those funds to the federal programs. For example, if a student withdraws after attending only 30% of the term, then that student is only entitled to 30% of his federal financial aid (grants and loans). Students who attend classes after the 60% point in the term are considered to have earned all federal funds.

A student is considered to have officially withdrawn from their classes after providing official notification of their intent to withdraw in accordance with the SUNY Schenectady Withdrawal Policy. For official withdrawals, the withdrawal date will be the date the student notifies the College of their intent to withdraw. A student who has begun attendance, has not officially withdrawn, will be considered an unofficial withdrawal for Title IV purposes if they: (a) fail all course work for the period of enrollment or (b) pass less than six credits for the period of enrollment and all passed classes are in a part-of-term which spans less than 49% of the student’s scheduled days for the period.

For unofficial withdrawals, the withdrawal date will be the last date of an academically related activity, as reported by their instructor(s), in which the student participated. If a last date of participation in an academically related activity is not available the withdrawal date will be the midpoint of the period. The College will use the best information available when making this determination. The Financial Aid Office will determine who has withdrawn within 30 days of the date the student began the withdrawal process. The appropriate amount of funds will be returned to the Department of Education within 45 days of the date of determination.

Procedures

If a student received more federal financial aid than the amount earned, the College is required to return the unearned funds to the U.S. Department of Education. Students need to be aware that if this unearned federal assistance was used to pay college charges for tuition, fees, and books, the student may now owe the College for the portion of tuition, fees, and books that was previously covered by the unearned portion of their federal financial aid. If students received a cash disbursement of a Federal Pell Grant and/or Federal SEOG grant funds, the student may also be required to repay a portion of these unearned federal grants to the U.S. Department of Education.

Students who owe an outstanding balance to the U.S. Department of Education will be notified of any outstanding balances owed within 30 days of the date that they withdrew from all of their classes or 30 days from the date the College learned that they were not attending all of their classes. The students will then have 45 days to repay the overpayments or to reach satisfactory repayment arrangements with the College or the U.S. Department of Education. If a student does not repay the overpayment or make satisfactory arrangements within the 45 days, they will be considered to have a federal financial aid over award, and the student’s account will be referred to the U.S. Department of Education for collection. Students will not be eligible for federal financial aid at any college until the over award has been cleared.

Students who owe the College a balance for tuition, fees and/or bookstore charges due to the reduction in their federal financial aid eligibility, must make payment with the Student Business Office.

When an overpayment for institutional costs has occurred, a return of funds to the federal financial aid programs will be made in the following order:

1. Unsubsidized Federal Direct Stafford Loans.
2. Subsidized Federal Direct Stafford Loans.
3. Federal Direct PLUS Loans.
4. Federal Pell Grants for which a return of funds is required.
5. Federal Supplemental Educational Opportunity Grants (FSEOG) for which a return of funds is required.

Financial Aid Satisfactory Academic Progress (FASAP)

Per Federal Student Aid regulations, each college must have a policy to determine if a student is making academic progress towards completing their degree or certificate. The policy must measure students' Grade Point Average (G.P.A.) and percentage of successfully completed courses (aka pursuit of program). Below is the criteria SUNY Schenectady uses to determine if students are making Financial Aid Satisfactory Academic Progress (FASAP). This policy is for determining financial aid eligibility only, and does not affect a student's academic standing or matriculation status.

The total credit hours attempted, the number of credit hours completed, and cumulative grade point averages determine the standards of Financial Aid Satisfactory Academic Progress (FASAP). Each student's FASAP status will be determined at the end of each semester. The student's FASAP status will be indicated in the financial aid section of their records and registration account.

The following are the requirements for a student to make FASAP:

A student is considered to be making Financial Aid Satisfactory Academic Progress (FASAP) at the end of a semester and for the subsequent semester if the student meets the criteria for Grade Point Average Progress and Pursuit of Program. These standards are cumulative and include all terms of the student's enrollment even if financial aid was not received for all terms.

Grade Point Average (G.P.A.) Progress (Qualitative Component):

A student is considered to be making G.P.A. Progress if they maintain a cumulative G.P.A. at or above the level defined in the table below.

<u>Total Credit Hours Attempted</u>	<u>Cumulative G.P.A.</u>
0-11	0.00
12-23	1.00
24-35	1.50
36-47	1.80
48 and above	2.00

Total Credit Hours Attempted includes all credit hours attempted in residence at SUNY Schenectady County Community College. In addition, accepted transfer credits are included in the Total Credit Hours Attempted, but they are not included in the calculation of the G.P.A..

Pursuit of Program (Quantitative Component):

A student is considered to be in pursuit of program if they have successfully completed the specified number of credit hours within each category as indicated in the table below. These are the credits at which the student must progress through their program to ensure that they will graduate within the maximum time frame. Successful completion is defined as receiving a grade of "A," "B," "C," "D," "I," or "P" for any course taken in residence (including the corresponding plus/minus grades). A grade of "F" or "W" count as attempted credit hours but are not considered to be successfully completed.

<u>Total Credit Hours Attempted</u>	<u>Minimum Number of Semester Hours Required to be Successfully Completed</u>
0-22	0
23-35	12
36-47	21
48-59	30
60-71	42
72-83	54
84 and above	66

A student who meets both the G.P.A. Progress and Pursuit of Program requirements at the end of a semester will be in Good Financial Aid Standing as it relates to federal financial aid eligibility. If a student does not meet the FASAP requirements, they are in jeopardy of losing federal financial aid eligibility.

Financial Aid Warning

A student who was in Good Financial Aid Standing and does not meet the FASAP requirements at the end of a semester will be on Financial Aid Warning during the subsequent semester for which they are enrolled. A student on Financial Aid Warning remains eligible for financial aid during the warning period. A student who does not meet the FASAP standards after the warning semester will be placed on Financial Aid Dismissal. While on Financial Aid Dismissal, the student is ineligible for federal financial aid until they successfully appeal the dismissal or successfully return to good financial aid standing after taking additional classes without using federal financial aid.

Financial Aid Dismissal:

A student who does not meet the FASAP standards after the warning semester will be placed on Financial Aid Dismissal and become ineligible for federal financial aid, until they are able to successfully appeal the determination or successfully return to Good Financial Aid Standing after taking additional classes without using federal financial aid.

Financial Aid SAP Appeal Process:

A student who fails to make FASAP, and is placed on Financial Aid Dismissal, may file an appeal based on injury, illness, the death of a relative, or other special circumstances with appropriate documentation. The appeal must explain why they failed to make FASAP and what has changed in their situation that will allow them to make FASAP at the next evaluation.

The appeal will be reviewed by the Financial Aid Satisfactory Academic Progress Appeals Committee and the decision of the committee is final. Financial Aid Academic Progress Appeals are submitted to the Financial Aid Office. A record of the appeal and the final determination will be maintained in the student's financial aid file. If an appeal is approved, the student will be given the status of Financial Aid Probation and will regain federal financial aid eligibility.

In order for an appeal to be approved it must be mathematically possible for a student to return to Good Financial Aid Standing within one semester. In limited circumstances, the committee can grant a student more than one term of probation in order to allow them to return to Good Financial Aid Standing (e.g. it is in the student's best academic interest to attend part-time because attending full-time is what led to their academic struggles and as a result it will take more than one semester to meet the academic progress requirements). If a student will need more than one semester to return to Good Financial Aid Standing an academic plan is required. The academic plan must be developed with the assistance of an academic advisor and will specify the point in time the student is expected to return to Good Financial Aid Standing. As long as the student meets the requirements of the approved academic plan, they will remain eligible for federal financial aid during the probationary period. The student's academic plan will be evaluated at the end of each semester. If the student fails to meet the terms of the academic plan the student will again be placed on Financial Aid Dismissal and will lose federal financial aid eligibility. If a student wishes to change their academic plan, they must submit a new appeal to the Financial Aid Satisfactory Academic Progress Committee.

If an appeal is not approved the student will be notified in writing. They may attend classes without the use of federal financial aid. If by taking classes without the use of financial aid the student returns to Good Financial Aid Standing, they will regain financial aid eligibility for the subsequent semester.

Financial Aid Probation:

A student who successfully appeals their Financial Aid Dismissal will be placed on Financial Aid Probation. A student on Financial Aid Probation is eligible for federal financial aid during the probationary period. The student must return to Good Financial Aid Standing within one semester and/or meet the terms of their academic plan.

If the student fails to return to Good Financial Aid Standing, or to meet the conditions outlined in the academic plan at the end of the semester in which they were placed on Financial Aid Probation, the student will return to a status of Financial Aid Dismissal and lose federal financial aid eligibility. A student in this situation may submit a new appeal but it cannot be for the same reason as the previous appeal.

Required "C" Average After Second Year:

Federal regulations require that a student have a "C" average after their second academic year. The student must have a G.P.A. of at least 2.0 or have academic standing consistent with the College's graduation requirements. Second academic year status is defined as a student having attempted 48 credits or more.

Maximum Time Frame for Completion

Federal regulations require a maximum time frame for completion of a degree or certificate program not to exceed 150% of the normal requirements of that program. Within the guidelines set forth below:

- (a) All terms and attempted courses within the student's enrollment count when assessing the maximum time frame; even terms in which the student did not receive federal financial aid funds.
- (b) Once it becomes mathematically impossible for a student to complete their program within the maximum time frame the student will be ineligible for Title IV federal financial aid.
- (c) If student is seeking multiple degrees or certificates simultaneously the maximum time frame eligibility will be calculated based off of the longest program.

For Title IV federal financial aid purposes only, the College has defined a maximum number of attempted credit hours for completion as 150% of the required credits for that particular degree or certificate. For example, if a program is 62 credits in length the maximum time frame for completion would be 93 credits (i.e. $62 \times 1.5 = 93$).

The College will review each student's eligibility at the end of each semester. If due to withdrawals, failed courses, repeated courses, non-degree applicable courses, or transfer credit evaluation the student has exceeded the maximum number of attempted credits for their program, they will no longer be eligible for federal financial aid programs at SUNY Schenectady unless an appeal of the maximum time frame has been approved.

Student Appeal of Maximum Time Frame:

Students who have exceeded the maximum time frame may appeal that status if they believe that there are special circumstances. Examples of special circumstances would be injury, illness, death of a relative, or other special circumstances. A student may submit an appeal, with supporting documentation, to the Financial Aid Office. The Financial Aid Office will notify the student of the outcome of the appeal and if they will be eligible for additional semesters of financial aid eligibility.

General Guidelines for FASAP & Maximum Time Frame Evaluation:

Repeated Courses:

A student may repeat a previously failed or withdrawn class in accordance with the SUNY Schenectady Academic Code, section 3.9 (Repeating a Course), and receive federal financial aid and New York State financial aid for each attempt up to the point that the course has been successfully completed. Once a course has been successfully completed, a student may receive federal financial aid to repeat the passed course once per course as long as a better grade is possible. If a previously passed course is repeated, the student will not receive New York State financial aid for that course. Repeated coursework will count as attempted credits for G.P.A. progress, pursuit of program, and maximum time frame each time the course was taken whether or not there was a passing grade.

Courses Dropped in a Refund Period:

If a student drops courses in the 100 percent, 75 percent or 50 percent refund periods, those courses are removed from the transcript and they will not be included in the count of credits attempted.

Withdrawn Courses:

Withdrawn courses count as attempted credits, but not as successfully completed credits, for G.P.A. Progress, pursuit of program and maximum time frame. Withdrawn courses do not count in the G.P.A. calculation.

Transfer Credit:

Transfer credits counts as both attempted and successfully completed for both pursuit of program and maximum timeframe. Transfer credits count as credits attempted for G.P.A. progress evaluation but do not count in the actual G.P.A. calculation.

Remedial Courses:

Remedial courses count as attempted credits for G.P.A. progress, pursuit of program, and maximum timeframe. Remedial courses do not affect the actual G.P.A. calculation. If a student receives a grade of "P" (passing), the course will count as successfully completed for both pursuit of program and maximum time frame.

Grade Changes:

The financial aid office will monitor for grade changes through the Incomplete Extension Date for the term as defined by the Registrar on Banner form SOATERM. FASAP status will be updated for the current semester due to grade changes.

Minimum Eligibility Standards for New York State TAP Awards Standards for New York State TAP Awards

This table illustrates SUNY's minimum standards for pursuit of program and satisfactory progress for purposes of determining eligibility for New York state financial aid. To be eligible for state awards, both standards must be satisfied. In addition, the student must be matriculated and in good academic standing as defined by the College, and the student must be taking a minimum of 6 credits per semester in courses that satisfy requirements in the student's academic program. If a student is

repeating a course that was previously completed with a passing grade, that course cannot be counted for purposes of New York state awards.

1. TAP Standards of Satisfactory Academic Progress for 2015-16. Applies to non-remedial Associate’s degree students who first received TAP or other NYS Aid in 2010-11 and thereafter.

2. TAP Standards of Satisfactory Academic Progress for Associate’s degree students first receiving TAP in 2007-08 through and including 2009-10 and remedial students first receiving TAP or other NYS Aid in 2007-08 and thereafter**

- * A grade of W or AW does not constitute credit completed. The requirements above are for full-time students and would be pro-rated for part-time students eligible for APTS or part time TAP.
- ** Under certain circumstances, students may qualify for the TAP Standards of Satisfactory Academic Progress #2 if they meet the criteria to be considered a “remedial student.”

A “remedial student” is defined as a student:

- (a) whose scores on a recognized college placement exam or nationally recognized standardized exam indicated the need for remediation for at least two semesters, as certified by the College and approved by the State Education Department (SED); or
- (b) who was enrolled in at least six semester hours of non-credit remedial courses, as approved by SED, in the first term they received a TAP award; or
- (c) who is or was enrolled in an opportunity program (EOP, HEOP, SEEK). Students who meet the definition of “remedial student” will need to meet the academic standards in chart 2.

Waiver: Provisions have been made for students who do not meet the requirement for program pursuit and/or academic progress to apply for a one-time only waiver. According to SED waiver guidelines, a student may ask for and receive a one-time waiver if the student can document that extraordinary or unusual circumstances prevented them from achieving the above described minimum standards. Waiver requests are available in the Financial Aid Office.

The College Store

Elston Hall, first floor | 518-381-1332

For store hours, online purchasing and more, please visit <http://fsacollegestore.com/home.aspx>. The College Store provides a complete selection of course materials, school supplies, imprinted spirit wear, greeting cards, gifts and other items. The College Store strives to provide students with quality products and services at reasonable prices.

Hours vary in summer and during registration periods. Photo ID Cards are available through the College Store. Photo ID cards serve as library cards, give access to the CDTA Rider Program, and access to certain locations on campus. Carry your photo ID card with you anytime you are on campus.

Course Materials. The College Store carries all required course materials such as aviation supplies, art supplies, music supplies, all culinary uniforms as well as knives and pastry supplies. The College Store has non-text course materials available in store and online for classes that have requirements for them. If ordering online, required non-text materials are listed along with that class's textbooks on the Ordering Textbooks page.

Credit Card Orders. Course materials will be available for online ordering by credit card on the same day registration begins, and available for shipment or in-store pickup within 48 hours (subject to availability). eBooks available through The College Store are convenient and less expensive than print books.

Financial Aid Credit at the College Store. One week prior to the first day of the fall semester and/or spring semester student financial aid is activated for use in the College Store, One Stop. For summer sessions, student financial aid is activated the first day of the summer session. The Student Accounts credit (financial aid) is available for eligible students only for the first three weeks of fall and spring semesters and the first three days of the summer semester. Each time you charge something to your Student Account, you will receive a detailed receipt including your current balance. KEEP ALL RECEIPTS. You will need them for any exchanges or returns.

How eBooks Work. Purchase the card through the bookstore cashier just as you would purchase a print textbook. Purchasing an eBook card authorizes the card, but does not activate it. When you are ready to read your eBook, you will need to go to the College Store website (www.fsacollegestore.com) and click on Redshelf under the order information tab. You will need to create an account; once done, there will be a spot to input the code found on the receipt. If you've ordered an ebook through the website, you will receive the email instructions. College Store emails sometimes get sent to spam folders, so if you haven't received any information, please check there.

Online Courses. The College Store sells all required textbooks and materials for online courses.

Online Purchases. Course materials are listed in the Order Textbooks section by course number. Orders must be prepaid by Credit Card (Visa, Mastercard, or Discover), or Student Accounts (Financial Aid). Along with course textbooks, required materials such as calculators, culinary uniforms and cutlery, and biology items, are available online, and appear with the course's textbooks on the Ordering Textbooks page.

NOTE: Textbook orders with split tenders (part credit card, part Financial Aid, part cash, etc.) can be processed in store only.

Purchasing Textbooks. Textbooks are usually available in-store 1 month prior to the start of each semester, subject to availability. Students qualifying for Financial Aid Bookstore credit may purchase their books and supplies online and in-store beginning one week prior to the first day of classes for fall and one week prior to the spring semesters.

Financial Aid Bookstore Credit will begin for the summer semester on the first day of classes. Please bring your course schedule and student ID with you to the College Store.

The Bookstore staff will pull your course materials from the shelves by course number from your schedule, for you. If you forget your schedule, the Registrar's Office (Elston Hall, Room 212) can print one for you. A SUNY Schenectady Student Photo ID will be required for purchases made with a check.

Student Code of Conduct - a Policy Overview

The SUNY Schenectady County Community College Student Code of Conduct was recently updated and approved by the College's Board of Trustees in June 2016. The Student Code of Conduct can be found in its entirety in the Student Handbook and on the College's website at sunysccc.edu/About-Us/Policies-and-Procedures/Student-Policies.html.

The Student Code of Conduct and the accompanying student disciplinary processes are intended to assist students in their personal development by providing a fair conduct review procedure that issues consistent responses for behaviors that are incongruent with the College's expectations. In furthering the educational aims of the college and maintaining compliance with the provisions of Article 129-A of the Education Law of the State of New York, the Student Code of Conduct outlines the practices to be utilized in administering the student disciplinary process.

The Student Code of Conduct includes the following policies and procedures: the Students' Bill of Rights, Student Amnesty Policy, Behavior Subject to Discipline, Disciplinary Processes, Appeal Process, Records Retention for Student Disciplinary and Transcript Notation.

Cases involving sexual offense or crime of violence charges: if a student is suspended or expelled after being found responsible for a crime of violence (including but not limited to a sexual offense), the College must make a notation on the student's transcript that they were "suspended after a finding of responsibility for a code of conduct violation or expelled after a finding of responsibility for a code of conduct violation. Should a student withdraw from the College while such conduct charges related to crimes of violence are pending against the student, and declines to complete the disciplinary process, the College must make

a notation on the student's transcript that he or she withdrew with conduct charges pending. Transcript notations for violence-related suspensions shall not be removed prior to one year after conclusion of the suspension. Transcript notations for violence-related expulsions shall never be removed from a student's transcript. If a finding of responsibility is vacated for any reason; however, the transcript notation will be removed.

Student Identification (ID) Number

Upon initial registration or application to SUNY Schenectady, each student is provided a student identification number. This generated number consists of nine digits beginning with the number nine. This number will appear on the student's schedule and all correspondence from admissions and financial aid.

Student Photo Identification (ID) (Mandatory)

All students are required to obtain SUNY Schenectady Student Photo Identification. This photo ID card issued is a permanent card for SUNY Schenectady students. This card is used for library purposes, access to the computer lab, admission to athletic events, lectures, student activities, CDTA Bus Ridership program, and the Schenectady YMCA. The card is initially obtained free of charge at the College Store. Lost cards can be replaced for a charge. Lost cards must be reported to the College Store so a replacement card can be issued.

Valid ID cards are to be carried at all times and **MUST** be produced, upon request, to any authorized College authority (administrators, faculty member or security personnel).

- Students who have paid the Student Activity Fee and who wish to utilize the YMCA Downtown Schenectady Branch or ride the CDTA bus must show their current student ID card in order to access these facilities. These privileges are only available as long as the student remains enrolled.
- The use of another student's Card is a violation of the Student Code of Conduct.
- Student Photo ID Cards are available through the College Store. These cards may be needed for student internships and other specific activities related to one's academic program of study. To obtain a photo ID card, students will need to show photo identification (such as a driver's license).
- Replacement cards are \$35. Old ID cards will be deactivated when a new card is issued.

SUNY Schenectady Omnilert (formerly e2Campus) Emergency Notification System

In the event of a serious incident which poses an immediate threat to members of the SUNY Schenectady community, the College has various systems in place for communicating information quickly to those individuals. Upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of the students or employees occurring on campus, some or all of these methods of communication may be activated. These methods of communications may include activating Omnilert, an emergency notification system utilizing e-mail, text messaging, and telephone voice messaging; most methods of Social Media (Twitter, Facebook etc.), PC desk top takeover messages, messages displayed on electronic message boards on campus; or messages on the home page of SUNY Schenectady website.

Phone numbers and e-mail addresses are identified by student's information as recorded with the College Registrar and employee contact information is maintained through personnel and payroll records. SUNY Schenectady will also post updates during a critical incident utilizing the Omnilert Notification system.

Students and employees may check their information for correctness and update their information as necessary by using the SUNY Schenectady website, using the MY SCCC link. Once logged onto the system there will be a section of quick Launch links on the left and the Emergency Contact Information link is located there.

Many factors are considered when assessing a situation to determine whether to activate one or more of the emergency communications systems and if so, the content of the message and whether to send the emergency message to all or some of the campus community. Among the factors to be considered is the nature and anticipated duration of the emergency situation and whether the emergency applies to a particular building, segment of the population or to the entire campus. The Crisis Response Team (President's Council) or the Director of Campus Safety will make a decision without delay, taking into account the safety of the community, determine the content of the notification and initiate the emergency notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. SUNY Schenectady plans, publicizes and conducts a test of the emergency response and notification system at least annually and maintains a record documenting each test, including a description of the exercise along with the date and time.

Introduction to Academic Advising at SUNY Schenectady

Academic advising is a structured service on college campuses that guarantees a student interaction with a concerned representative of the institution. It may be viewed as the hub of the wheel, with connecting links to all of the other support services available to students. As a result, it is a critical component of the educational services provided for students and is a key factor in helping students adjust to college life and become integrated into the academic and social systems of our institutions. That integration is directly linked to student success, satisfaction, and persistence.

Academic advisement is provided for full-time matriculated and part-time students by professional advisors. Following acceptance into SUNY Schenectady each student is assigned an academic advisor. Advisor assignments are made in accordance with the student's program of study and are intended to be continuous throughout the student's college career. Advising services are provided on a continuous basis throughout the academic year to non-matriculated students, and prospective students by professional staff in the Advisement Center, located in Elston Hall, Room 222.

Academic advising is a process in which advisor and advisee enter a dynamic relationship respectful of the student's concerns. Both the advisor and advisee have certain responsibilities that, when followed, will result in a positive experience for both individuals involved. It is the responsibility of the advisor to:

1. Guide students as an academic mentor.
2. Help students define and develop realistic educational goals.
3. Assist students in defining a program of study consistent with abilities and interests.
4. Monitor students' academic progress.

5. Inform students of academic resources beyond the classroom.
6. Provide accurate information about college policies, procedures, and requirements.
7. Facilitate student planning in career options beyond college graduation.
8. Discuss student's time constraints and other responsibilities.

It is the responsibility of the advisee to:

1. Take responsibility for educational plans while working with an advisor.
2. Clarify personal interests, abilities, values, and goals.
3. Initiate contact with an advisor when needs and issues arise.
4. Be familiar with college policies, procedures, and requirements.
5. Explore career options beyond graduation.

The importance of quality Academic Advisement cannot be expressed enough. It is vital to a student's long-term success, helping guide students through their educational journey, helping to ensure that educational and career goals are being met, helping students adjust to a new environment, and clarifying expectations.

- Balance your schedule with other obligations in mind, such as family and work.
- In order to complete your program on time, you will need to take 15 credits per semester.
- Be prepared for more challenging academic work than you had in high school.
- Don't register for early morning classes if you are not a morning person. The same applies for evening courses.
- Take courses in the correct sequence. Be sure to complete any pre-requisites (courses that prepare you for a higher-level course) if applicable.
- Know the course requirements for your program of study. Enroll in classes that meet your degree requirements. The information is available in the College Catalog, on the SUNY Schenectady website, and on individual curriculum worksheets located online. Discuss uncertainties with your advisor to ensure the correct course selection.
- If transfer to a four-year institution is a possibility, be sure to register for courses that will transfer to the institution you have in mind. If you are not sure about the institution, connect with your Academic Advisor (Elston Hall, Room 222) soon.

When To See Your Academic Advisor

1. To discuss problems which affect academic performance.
2. To discuss academic progress.
3. To withdraw from a course or courses.
4. To explore change of major.
5. To explore off-campus learning opportunities (internships, study abroad).
6. To select courses for the upcoming semester.

How To Contact Your Academic Advisor

1. Your advisor's name can be found on your DegreeWorks audit. You can e-mail your advisor by clicking their name.
2. Be familiar with your advisor's office hours and schedule.
3. Whenever possible, call to make an appointment or use Starfish to schedule an appointment.
4. If it is necessary to drop by without an appointment, try to do so at a time when your advisor has posted office hours, and allow plenty of time in case you must wait to see your advisor.
5. Because the first and last two weeks of each semester are the busiest, schedule longer conferences during the middle portion of the semester.
6. You may obtain a "Request for Change in Advisor" form from the Registrar's Office if you need to change advisors.

Academic Advisement: Student Responsibilities

Know College Policies And Procedures

Students should be familiar with the College Catalog and their SUNY Schenectady Student Handbook. Both contain necessary policies and procedures, as well as requirements and deadlines.

Prepare For Academic Advising Conferences

Students are expected to obtain class schedules, review possible course options, and prepare a trial schedule before meeting with an advisor. Students are expected to schedule and keep advising appointments. Students should also contact advisors with any concerns about academic progress in any class during the course of a semester.

Process All Necessary Paperwork

Students must obtain all necessary forms and signatures for academic status changes. It is the student's responsibility to apply for graduation.

Be Knowledgeable About Financial Aid Regulations

Students receiving financial aid must be knowledgeable about the consequences of no longer attending or withdrawing from classes in which they are enrolled.

Accept Responsibility for Decisions

Students are actively responsible for their college experience. Although an advisor may assist in providing advice, encouragement, or support, ultimately each decision rests with the student. As a result, students must accept the consequences of these decisions.

Clarify Personal Values and Goals

Just as it is a student's responsibility to make decisions, it is also the student who must clarify personal values and academic and career goals. When students make these decisions, they empower themselves and prepare for post-graduation lives.

Campus Safety

At SUNY Schenectady, the safety and well-being of our students, faculty, staff and visitors is the highest priority. Historically, SUNY Schenectady has been a safe campus with few major incidents; however, a safe and secure environment can only be maintained through the cooperation of all members of the campus community.

All individuals must assume responsibility for their own personal safety and the security of their personal belongings by taking common sense precautions. Providing this information is part of our effort to ensure that this collaborative endeavor is effective. We hope that you will read it carefully and use the information to help foster a safe environment for yourself and others.

The SUNY Schenectady Director of Campus Safety is Eric Fluty. He can be reached at 518-381-1445, Elston Hall 314, flutyew@sunysccc.edu.

Description of Campus Security

SUNY Schenectady maintains a contract with a private security firm to provide security services on a 24-hour basis. All Security Officers are required to be New York state licensed, and certified in CPR and community first aid. Security officers may be reached from off campus phones for questions and emergencies at 518-381-1308.

EMERGENCIES ON CAMPUS PHONES at 5555

Also direct dial RED PHONES throughout campus buildings and blue light Phones in the parking lots

Security Officers are the first responders to an emergency. Officers who are assigned to the College are empowered by the College to enforce the institution's rules and regulations. Security Officers serve as escorts from campus buildings to the parking lots in the evening hours. Security Officers also serve as campus resource persons, providing information to the College community. Security officers are knowledgeable about the campus and are able to relay safety and security information in a courteous and professional manner.

The campus security force works closely with the College administration and local law enforcement agencies both in the investigation of crimes and in crime prevention. Campus security has the authority to take whatever steps are necessary to resolve situations and ensure the safety and security of all involved. Security officers may investigate incidents, question victims and witnesses, ask persons for identification, ask persons to explain their actions, and acquire as much information as necessary to provide the College with a complete report of the situation.

A security officer has the authority to contact local law enforcement agencies, EMT services, or the fire department, if warranted. If an individual refuses to present identification, the security officer has the authority to have that person immediately leave the College campus.

Security officers are required to complete an incident report upon receiving a complaint or a report of a criminal act or an emergency. All incident reports are delivered to the Director of Campus Safety are for review, appropriate action, distribution, and compilation of statistical reports.

According to the Student Code of Conduct, failure to respond to the directions of a security officer, including presenting a SUNY Schenectady ID, may constitute grounds for disciplinary action.

Sheriff's Deputy

In cooperation with the SUNY Schenectady Department of Campus Safety, the Schenectady County Sheriff's Office has assigned a deputy to the College. The deputy has full law enforcement powers and may respond to any incident on campus. The deputy patrols all of the campus locations, including the Kindl Building and Center City. The deputy may advise the College on law enforcement issues and may present programs and presentations of interest to the SUNY Schenectady community. The deputy maintains an office with the Director of Campus Safety. The deputy may also be reached by contacting security.

Access to Campus Facilities

SUNY Schenectady County Community College is a public institution with an "open access" campus. College buildings and grounds are open to the public for individual use during College business hours. Building entrance doors are opened on a varying schedule depending on the activities occurring on campus. At night and during the times that the campus is officially closed, College buildings are locked and only authorized faculty and staff are admitted, after sign in.

Awareness Programs

All new students receive information about campus safety at orientation, and returning students obtain the information at registration and in the Office of Student Affairs during the year.

The Campus Safety Department provides Safety programming for students includes presentations on crime prevention, personal safety and self-defense throughout the year. These programs are designed to help develop assertiveness skills and to enhance logical thinking during emergencies. Look for notices of upcoming programs and workshops on campus.

How to Access the Campus Escort Service

If you need an escort to your vehicle, please contact the Security Desk, located at the Security Operations Center, Elston Hall, Room 341 or call 518-381-1308.

How to Report an Emergency, Criminal Incident or Suspicious Activity

Emergency calls to report a crime or an unusual incident can be made to the security office by calling 518-381-1308. FROM CAMPUS PHONES call 5555. Reports of campus crime incidents can also be made in person at the security desk at the Security Operations Center, Elston Hall, Room 341. The red emergency phones located throughout the campus, including in elevators, are linked to the campus communications area, and may also be used, as well as blue phones located throughout parking areas.

How to Report a Fire or Other Facility Emergency

The signal for evacuation may be the continuous sounding of the alarm system (horns and strobe lights).

An individual who discovers a fire should immediately advise others in their immediate area and activate the closest fire alarm pull station. This will alert other areas of the building, security and the City Fire Department. Under no circumstances should an attempt be made to extinguish the fire; firefighting should be left to Fire Department personnel.

All areas have evacuation floor plans posted prominently. These floor plans indicate the primary evacuation routes that will lead to a designated fire tower or exit. Faculty, staff, and students should familiarize themselves with the primary and secondary evacuation route from their assigned areas. Elevators are not to be used.

All faculty, staff, students and visitors shall evacuate the building. (Faculty and staff should inspect the area for which they have responsibility to insure that everyone has promptly evacuated the area.) Evacuate using designated primary and alternate evacuation routes. Close classroom/office doors when you leave. Leave building in an orderly fashion. Report to a designated assembly area. Follow the directions of the security staff or floor marshals.

If heavy smoke or fire prevents you from reaching your primary fire tower:

- Attempt to use alternative exiting routes / fire towers.
- If unable to reach a Fire tower, go to the nearest classroom or office;
- Close the door and open the windows;
- Seal the cracks around the door to keep smoke out;
- Hang clothing or other obvious indicator from and stay near the open window until firefighters can reach you.
- If there is a telephone in the room, contact security at 5555 or call 8-911 and advise them of your location.

Each individual is personally responsible for being familiar with facility evacuation plans and procedures. Individuals with temporary or permanent disabilities who require evacuation assistance should advise faculty and floor marshals of their needs. Mobility Impaired individuals who are not able to leave by using the stairs should go directly to a designated Fire Tower Area of Refuge. If you are in a Fire Tower with a Red Emergency Call box or phone, push the button to activate it so that Campus Security can identify you and your location. If you are carrying a cell phone, please call 518-381-1308 immediately to alert Campus Security to your location and situation. If you have neither of these, staff, faculty, and other students should be alerted to your situation. They shall notify security and emergency personnel of your location and need for assistance.

It is the responsibility of each instructor to ensure that those students in their classroom with mobility impairments are evacuated to an area of refuge. Fire officials will be notified upon their arrival of the evacuation location for disabled students; this information will be obtained at the beginning of each semester by the Coordinator of ADA Transition Services, and be available to fire officials upon their arrival on campus. Individuals may return to the building upon notification by a College official.

Basic Emergency Procedures for Safety and Medical Purposes

If an individual is injured or ill and emergency medical service (EMS) is required CALL 911

Note: to access an outside line from any campus telephone, you must dial 8 and listen for the dial tone. Then proceed with dialing 911.

1. Provide the dispatcher with your name;
2. Indicate you are calling from SUNY Schenectady County Community College;
3. Advise them of the nature and location of the emergency; and
4. Follow any instruction provided by the 911 dispatcher.
5. If possible have another person notify Security of the emergency situation while you are calling 911. If there is no one else available call Security as soon as possible and inform them of the action that has been taken.

Response to an Emergency, Criminal or Threatening Incident

Upon receipt of a call, Security Officers are dispatched to the location of incident. Simultaneously, the appropriate College officials are directed to the scene. If the incident involves a student, the security officer will contact Student Affairs, who will take appropriate action.

All reported incidents are investigated by the College and appropriate action is initiated, which may include referral to local law enforcement agencies or implementation of the Student Code of Conduct. Further, the campus community is notified of situations that pose a threat to the safety and well-being of our community through activation of the SUNY Schenectady Emergency Mass Notification System, Omnilert.

Blue Lights – Emergency Telephone User Instructions

Emergency telephones have been strategically installed throughout the College's parking areas. The emergency telephones have a blue light to assist users with identifying the location of the phone at night. Instructions are on the emergency phone directly above the call button. Instructions are also provided in Braille.

Using the emergency telephone is simple:

1. Press call button. Once the button is depressed, the blue strobe light atop the unit will flash. The call is answered by campus security who will immediately be able to identify the emergency telephone that has been activated.
2. State the emergency. Security will assist the caller in gaining as much information as possible in order to assist in the emergency. Security will stay in contact with the caller continuously until the appropriate responders (Police, paramedics, Security) arrive to the scene.
3. Responder is sent to the scene. Responders will be sent to the aid of the caller and/or individual(s) in need of care. Once the responders are at the scene, Security will end the call. The blue flashing light will remain active until the call is ended and responders are present.
4. An incident report is filed. Follow up on the incident will be done as appropriate to the specific incident.

For more information visit SUNY Schenectady's website and view the demonstration of how to use these "Blue Lights" in the event of an emergency.

Pedestrian Safety

Silent Witness

Silent Witness was developed so that members of the SUNY Schenectady community could report criminal activity, suspicious activity or tips and remain anonymous. Alcohol and Drug: Substance Abuse

For the College Drug and Alcohol Policy, please see the Policies and Procedures Section.

Health and Safety

Alcohol And Drug: Substance Abuse

Substance abuse has a harmful and often devastating effect upon individuals, families and our communities. Consequently, SUNY Schenectady has developed a substance abuse program to assist our students. This section was developed to provide you with a greater awareness and understanding of the health risks and some of the legal sanctions under local, state and federal laws that are associated with substance abuse. In addition, information is provided to identify various local agencies where assistance services are available to those individuals with substance abuse concerns.

During the academic year many programs and activities will be presented to help you to learn more about and deal with substance abuse.

College Drug and Alcohol Policy

- **Alcoholic Beverage.** Except for appropriate classroom activities or approved student activities, the possession and/or consumption of any alcoholic beverage is a violation of the Student Code of Conduct. Possession and/or consumption of alcoholic beverages by students participating in a college club or college sponsored trip or an off-campus activity is also prohibited.
- **Drugs And/Or Drug Paraphernalia.** Possession or use of any illegal controlled substance, drug, or drug paraphernalia is prohibited and will be reported to local and state authorities and will also be subject to disciplinary action by the College. The College will cooperate with local and state authorities on any cases of suspected illegal use, possession or distribution of state-controlled drugs.

Overview of Local, State and Federal Alcohol and Drug Laws

SUNY Schenectady County Community College believes that it is important for you to know about the laws against illegal drugs and alcohol. Therefore, the following is a brief overview of local, state and federal laws governing the possession, use and distribution of alcohol and illegal drugs. It is not intended as a complete listing of every applicable drug and alcohol statute.

- **Alcohol Laws: Open Container Law.** The City of Schenectady, like many other cities, towns and villages, has an ordinance prohibiting the consumption of or possession of an open container with the intent to consume an alcoholic beverage in any public place or in any vehicle. Violation of this law is punishable by a fine of up to \$250 or imprisonment up to 15 days. Second offenses warrant a fine of up to \$500 and up to 30 days of imprisonment.
- **New York Alcoholic Beverage Control Law.** New York prohibits selling or giving any alcoholic beverage to a minor (anyone under 21) or to a person already intoxicated. A violation of this law can be punished by a fine of up to \$200, five days in jail, or both.

Any minor using false identification to purchase alcohol faces a maximum fine of \$100; or up to 30 hours of community service; or participation in an alcohol awareness program. If the I.D. used is a New York state driver's license, the minor faces a 90-day suspension.

- **New York Vehicle and Traffic Law.** It is a misdemeanor punishable by a fine of at least \$350 and/or imprisonment for up to one year, plus suspension and/or revocation of your driver's license, to operate a motor vehicle with a blood alcohol content of 0.8%. Multiple convictions result in more serious penalties.

Drug Laws:

- **New York Public Health Law.** It is a violation of this law to:
 - a. sell or possess a hypodermic needle without a doctor's written prescription;
 - b. manufacture or sell an imitation controlled substance;
 - c. inhale any glue that produces vapors;
 - d. sell glue for this purpose.

The above are Class A misdemeanors punishable by up to one year in a local penitentiary. Any private vehicle, boat or plane used to transport an illegal substance can be seized and forfeited under the law.

New York Vehicle and Traffic Law

The rules and penalties for drinking and driving also apply to driving while impaired by the use of a drug.

New York Penal Law

Most crimes involving the unlawful possession and distribution of drugs are defined under the New York state Penal Law. The Penal Law contains exhaustive lists of various controlled substances, specific types of offenses, and sanctions ranging from a fine of not more than \$100 to imprisonment for life. Examples of crimes under New York state law include loitering with the intent to use drugs, using or possessing drug paraphernalia, and selling or possessing actual controlled substances.

A person with no previous drug or marijuana convictions in three years who is found guilty of possessing less than 25 grams (about 9/10 of an ounce) of marijuana for private use may be fined up to a maximum of \$100, whereas conviction of possessing even one gram of a controlled narcotic substance can result in imprisonment for up to one year. The criminal sanctions become more serious depending on the amount possessed and whether or not it is possessed with the intent to distribute.

For example, possession of even one gram of a narcotic drug with the intent to sell it is a Class B felony punishable by up to 25 years in prison. A person who is convicted of the sale of more than two ounces of a controlled narcotic substance in New York state can be sentenced to a term of imprisonment for life. However, the Penal Law also provides for a variety of sanctions depending on the offense.

Bias Crimes Prevention Statement

Hate Crimes and the Law

It is a SUNY Schenectady and local police agencies mandate to protect all members of the SUNY Schenectady community by preventing and prosecuting bias or hate crimes that occur within the campus's jurisdiction. Hate crimes, also called bias crimes or bias-related crimes, are criminal activity motivated by the perpetrator's bias or attitude against an individual victim or group based on perceived or actual personal characteristics, such as their race, religion, ethnicity, gender, sexual orientation, or student activities disability. Hate/bias crimes have received renewed attention in recent years, particularly since the passage of the federal Hate/Bias Crime Reporting Act of 1990 and the New York State Hate Crimes Act of 2000 (Penal Law Article 485). Copies of the New York Law are available from Eric Fluty, Director of Campus Safety, Elston Hall, Room 314.

Penalties for bias-related crimes are very serious and range from fines to imprisonment for lengthy periods, depending on the nature of the underlying criminal offense, the use of violence or previous convictions of the offender. Perpetrators who are students will also be subject to campus disciplinary procedures where sanctions including dismissal are possible.

In addition to preventing and prosecuting hate/bias crimes, SUNY Schenectady's Student Affairs Office, Human Resources Office and Security also assist in addressing bias-related activities that do not rise to the level of a crime. These activities, referred to as bias incidents and defined by the State University of New York as acts of bigotry, harassment, or intimidation directed at a member or group within the College community based on national origin, ethnicity, race, age, religion, gender, sexual orientation, student activities disability, veteran status, color, creed, or marital status, may be addressed through the College's discrimination complaint procedure or the campus Code of Conduct.

Bias incidents can be reported to Campus Security as well as to the Human Resources Office, which is located in Elston Hall, Room 511.

If you are a victim of, or witness to, a hate/bias crime on campus, report it to Campus Security, either in person or by dialing extension 1308 on campus or using a Red Emergency Phone located throughout our campus. Security will investigate and follow the appropriate adjudication procedures. Victims of bias crime or bias incidents can avail themselves of support services from the campus through Student Affairs, located in Elston Hall, Room 222.

More information about bias-related crimes, including up-to-date statistics on bias crimes is available. For more information, please contact Eric Fluty, Director of Campus Safety, at 518-381-1445.

Emergency Evacuation Procedure

Before an Alarm:

1. Learn the names and extension numbers of Security Supervisors. Go and meet them and ask any questions you may have regarding our evacuation plan.
2. Locate your nearest exit and locate an alternate stairway or other means of exit.
3. Locate all fire alarm boxes on your floor – know the emergency phone numbers

This Plan provides the college with an effective means of response to a disaster requiring a partial or total evacuation of the campus. The plan provides for the warning of faculty, staff and students outlines responsibilities of on-campus and off campus personnel and local government agencies, provides for evacuation assembly areas and establishes operating procedures for and effective evacuation of the campus.

All information concerning the emergency should be directed to the College Security. Dial extension 5555; or use the red or blue emergency phones to report any additional information.

All members of the College Community are responsible for becoming familiar with emergency evacuation procedures. Fire drills will be conducted in accordance with the Fire Code of New York State.

The signal for evacuation may be the continuous sounding of the alarm system (horns and strobe lights) and may or may not include an activation of the SUNY Schenectady Mass Notification System (SMNS) which will notify the college community of emergency alerts using computer desk top messages, office and classroom phone calls and cell phone calls texts and instant messages along with all social media outlets. Official announcements, SMNS activation and information will be provided by a designated College official.

All faculty, staff and students are to evacuate the building. (Faculty and staff should survey the area for which they have responsibility to insure that everyone has promptly evacuated the area.) Follow the directions of security officers and floor marshals.

Evacuate using designated primary and secondary evacuation routes. Close classroom door when you leave. Leave building in an orderly fashion and assemble at the designated assembly area. Report to Security anyone injured, unable or unwilling to evacuate.

Evacuation plans are available for all buildings. The plans show the location of fire extinguishers, fire alarm pull stations and fire exit doors. The plans are available and updated by the Office of Campus Safety.

At the beginning of each semester it is the responsibility of the faculty to go over the floor plans with each class and direct occupants to the nearest exit in case of an actual alarm.

Building Evacuation Procedure

1. Exit the building as calmly and quickly as possible using the nearest safe exit. **DO NOT USE THE ELEVATORS!**
2. Alert ALL persons in your area. Turn off ALL ignition sources.
3. Close windows and doors, leave the door unlocked, wear a coat and shoes and take a towel to place over your face in case of smoke.
4. Proceed to the outside of the building, moving away from the building and await further instructions
5. Security and other trained staff will assist in evacuation and ensure all occupants have evacuated, close all doors, and keep all persons at a safe distance from the building.

Recovery and Re-entry

DO NOT RE-ENTER the evacuated area until instructed to do so by College Officials

All suicide threats/attempts must be taken seriously. Warning signals include:

2. Psychosocial stressor (trouble with family, friends, or disciplinary crisis);
3. Writing, thinking, or talking about death or dying;
4. Altered mental status (agitation, hearing voices, delusions, violence, and intoxication).

These steps are to be followed should the individual make the threat in person:

1. The individual is to be kept under observation during the time of the immediate threat and will be supervised at all times. Call 911 (8-911 on campus)
2. Have someone contact Security at 518-381-1308 or 5555 on campus
 - a. Security will respond and assist with supervision of the individual until EMS or the police arrive

Violent Acts on Campus

IF possible without putting yourself in danger;

1. Immediately call 911 (8-911 from campus phone)
2. Notify Security at 5555 inside you may use a Red Emergency Phone or if outside use a Blue Light Phone found in the parking lots

If possible, cover any windows or openings that have a direct line of sight into the hallway.

1. Faculty, Staff should immediately lock themselves, students and any other uninvolved person(s) in a classroom, office or room. If possible cover any windows or openings that have a direct line of sight into the hallway.
2. If communication is available call 8-911 from campus phones or 911 from a cell phone immediately.
3. As soon as the threat is confirmed the SUNY Schenectady Mass Notification System (SMNS) will be activated .The college community will be alerted to the threat using computer desk top messages, office and classroom phone calls and cell phone calls texts and instant messages along with all social media outlets. Official announcements, SMNS activation and information will be provided by a designated College official.
4. During a shelter-in-place situation, **DO NOT** activate or respond to a fire alarm unless directed to do so by a SUNY Schenectady official, law enforcement officer, other first responder, or via official instructions received by way of the

SUNY Schenectady Mass Notification System. A fire alarm would signal the occupants to evacuate the building and thus may place them in potentially harmful situations as they attempt to exit.

5. Move to the nearest location that can be secured by a locked door or be barricaded with furniture and turn out the lights, Silence your cell phone ringer.
6. Once locked and/or barricaded move away from the windows and doors

8. Try to remain as calm as possible.
9. Keep everyone together.
10. Keep rooms secure until the police arrive and give you directions.

If for some reason you are caught in an open area such as a hallway or lounge, you must decide what you are going to do. This is a crucial time!

1. If you think that you can safely make it out of the building by running, then do so.
2. If you decide to run, do not run in a straight line. Attempt to keep objects such as desks, cabinets, fixtures, etc. between you and the hostile person so as to block your view from the intruder. When away from the immediate area of danger, summon help any way you can and warn others. You can try and hide, but make sure it is a well-hidden space.

Once the police arrive, obey all commands. This may involve your being handcuffed or keeping your hands in the air. This is done for safety reasons and once circumstances are evaluated by the police, they will give you further directions to follow.

DO NOT RE-ENTER the evacuated area until instructed to by college officials.

3. If the individual is a student, the student will be provided contact information of a College administrator or a member of student affairs staff. The student will be encouraged to share this information with the paramedics/hospital if needed. The student also will be encouraged to contact this individual should they be out of classes for a period of time and upon their return to campus.
4. The situation will be turned over to the police, the paramedics, and or the hospital for the necessary medical attention.
5. A complete incident report is to be filed by all parties involved in addressing the situation. Incident reports will be collected by Security.
6. Should the individual return to campus, a longer term monitoring of the student by a member of student affairs staff.
7. The Vice President of Student Affairs will work with the appropriate campus staff to determine if any additional notification or action is appropriate.

These steps are to be followed should the individual make the threat by phone:

1. Keep the person on the telephone by encouraging the person to talk while simultaneously gathering as much information as possible.
2. While the person is on the telephone try to enlist help, if possible, from someone else (written notes). Have person contact police (911) if the situation is extremely critical (examples: person has a weapon, person has taken pills).
3. If not possible to keep the person on the phone, and/or no one else is available to assist, make contact with the police (911).

In furthering the educational aims of the college and maintaining compliance with the provisions of Article 129-A of the Education Law of the State of New York, this Code outlines the practices to be utilized in administering the student disciplinary system at SUNY Schenectady.

Other SUNY Schenectady policies and procedures referenced in this Code include:

- [Title IX Grievance Policy](#)
- [Sexual Assault, Relationship Violence, and Stalking Policies for Students and Employees](#) (“Sexual Misconduct Policy”)
- [Discrimination, Harassment, and Retaliation Policy and Complaint Resolution Procedure](#)

IV. Philosophy

The Code embraces several core philosophies: preservation of the freedom of speech and the rights of peaceable assembly; respect for academic freedom and constructive criticism; a conviction that honesty and integrity are key values to the College community; and the belief that all members of the institution should be part of a campus environment that respects and appreciates differences. Procedures used to enforce standards contribute to teaching appropriate individual and group behaviors as well as protecting the rights of individuals and the campus community from disruption and/or harm. The disciplinary experience is intended to make clear to students the limits of acceptable behavior and to provide students who violate the Code an opportunity to more fully understand the rules and incorporate the experience into their personal growth and development. The disciplinary experience is designed to be both educational and corrective.

V. Definitions

- A. The term “affirmative consent” means a knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant’s sex, sexual orientation, gender identity, or gender expression.
- Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act.
 - Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol.
 - Consent may be initially given but withdrawn at any time.
 - Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity. Incapacitation may be caused by the lack of consciousness or being asleep, being involuntarily restrained, or if an individual otherwise cannot consent. Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs, or other intoxicants may be incapacitated and therefore unable to consent.
 - Consent cannot be given when it is the result of any coercion, intimidation, force, or threat of harm.
 - When consent is withdrawn or can no longer be given, sexual activity must stop.
- B. The term “Appeals Board” means a board of between one and three members designated by the Vice President of Student Affairs to consider an appeal from a Hearing Board’s determination, and/or from the sanctions imposed by the Hearing Board. No members of a Hearing Board may serve on an Appeals Board reviewing the same or a similar complaint. No member of the Appeals Board may have a conflict of interest or bias against any party to a Code complaint.
- C. The “Vice President of Student Affairs” is the senior officer designated by the President of SUNY Schenectady to be responsible for the administration of the Code. The Vice President, or designee, is responsible for the day to day administration of the Code.
- D. The term “business day” is defined as any day from Monday through Friday, but does not include days when the College is closed.
- E. The term “bystander” shall mean a person who observes a Sexual Offense, crime, impending crime, conflict, potentially violent or violent behavior, or conduct that is in violation of rules or policies of SUNY Schenectady.
- F. The term “complaint” means a complaint filed by or on behalf of a member of the College community.
- G. The term “complainant” means the College on behalf of an individual or department in SUNY Schenectady community, and/or the reporting individual. If the College brings the complaint on behalf of the reporting individual, the College shall be the complainant and the reporting individual shall be a co-complainant.
- H. The term “crime of violence” means murder, Sexual Offense, robbery, aggravated assault, burglary, motor vehicle theft, manslaughter, and arson.
- I. The term “Hearing Board” means a board of three members of the Hearing Board Panel designated by the Vice President. No member of the Hearing Board may have a conflict of interest or bias against any party to a Code complaint. The Vice President shall designate one member to serve as the Chair of the Hearing Board.
- J. The term “Hearing Board Panel” means a group of faculty, staff, and students designated by the Vice President of Student Affairs to hear complaints or charges brought under this code. Members of the Hearing Board Panel receive annual training in conducting reviews of sexual violence, the effects of trauma, impartiality, the rights of the respondent, including the right to a presumption that the respondent is “not responsible” until a finding of responsibility is made, SUNY Schenectady’s Title IX Grievance Policy and Sexual Misconduct Policy, and other issues related to sexual assault, domestic violence, dating violence, and stalking. The Vice President of Student Affairs will designate members of a Hearing Board from the Hearing Board Panel.
- K. The term “member of the College community” includes any person who is a student, faculty member, employee, SUNY Schenectady official, or volunteer. A person’s status in a particular situation shall be determined by the Vice President of Student Affairs.
- L. The terms “respondent” or “accused” are used interchangeably and mean the person accused of a violation pursuant to this Code.

- M. The term “reporting Individual” shall encompass the terms victim, survivor, complainant, claimant, witness with victim status, and any other term used by an institution to reference an individual who brings forth a report of a violation.
- N. The term “Sexual Offense” means sexual activity, sexual assault, relationship violence, and/or stalking, as defined in SUNY Schenectady’s Title IX Grievance Policy and/or Sexual Misconduct Policy.
- O. The term “SUNY Schenectady premises” includes all land, buildings, facilities, vehicles, and other property used, or in the possession of, or owned or controlled by SUNY Schenectady (including adjacent streets and sidewalks.)

VII. Jurisdiction

The College will have jurisdiction over misconduct that occurs on College premises and/or at College sponsored activities. The College may also address off campus behavior if the College determines that the behavior, or the continued presence of the student engaging in such behavior impairs, obstructs, interferes with or adversely affects the mission, processes or functions of the College. The College will also have jurisdiction over Sexual Offenses that occur on or off campus, or while students are studying abroad.

VIII. Student Amnesty Policy

The health and safety of every student at the State University of New York and SUNY Schenectady is of utmost importance. SUNY Schenectady recognizes that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time that violence, including but not limited to domestic violence, dating violence, stalking, or sexual assault occurs may be hesitant to report such incidents due to fear of potential consequences for their own conduct. SUNY Schenectady strongly encourages students to report domestic violence, dating violence, stalking, or sexual assault to SUNY Schenectady officials. A bystander acting in good faith or a reporting individual acting in good faith who discloses any incident of domestic violence, dating violence, stalking, or sexual assault to SUNY Schenectady's officials or law enforcement will not be subject to SUNY Schenectady's Code of Conduct action for violations of alcohol and/or drug use policies occurring at or near the time of the commission of the domestic violence, dating violence, stalking, or sexual assault.

The College regards criminal conduct/civil offense as a violation of the Code regardless of whether the criminal violation/civil offense are pursued in a court of law. The College may, to the extent permitted by law (including without limitation to FERPA), inform law enforcement agencies of perceived criminal violations and may elect to defer internal disciplinary action until prosecution of the criminal violation has been completed. Proceedings under the Code may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus at the discretion of the College.
 - Generally, proceedings under this Code may be carried out prior to, simultaneously with, or following civil or criminal proceedings off-campus at the discretion of the Vice President of Student Affairs.
 - For Sexual Offense charges or complaints, however, the judicial or conduct process will run concurrently with a criminal justice investigation and proceeding, except for temporary delays as requested by external law enforcement entities while law enforcement gathers evidence, which should not last more than 10 days except when law enforcement specifically requests and justifies a longer delay. Determinations made or sanctions imposed under this Code shall not be subject to change because criminal charges arising out of the same facts giving rise to violation of SUNY Schenectady rules were dismissed, reduced, or resolved in favor of or against the criminal law defendant.
28. **VIOLATION OF PRIVACY.** Making a video recording, audio recording, taking photographs, or streaming audio/visual of any person in a location where the person has a reasonable expectation of privacy, without that person's knowledge and expressed consent, is a violation of the code.

 - A. **Face Mask and Social Distancing Requirements:** For students found to have committed repeated and/or intentional violations of face mask/covering or social distancing requirements of the institution, Executive Order, or the State or local Department of Health, the available sanctions shall include a suspension from academic and/or housing access with continued access to their academic program via remote learning only (if available and as

subject to campus policy and process), an academic and/or housing suspension, or permanent dismissal from the institution.

- B. **Contact Tracing:** For students who repeatedly fail to comply, whether intentionally or unintentionally (unless it can be shown that the student was genuinely not reached by contact tracers through no failure on their part), with COVID-19 contact tracing efforts conducted by the institution or the State or local Department of Health, the available sanctions shall include a suspension from academic and/or housing access with continued access to their academic program via remote learning only (if available and as subject to campus policy and process), an academic and/or housing suspension, or permanent dismissal from the institution.
- C. **Failure to Comply with Campus Health Protocols:** For students who fail to attend at least two scheduled appointments, without sufficient excuse, to obtain diagnostic or surveillance COVID-19 testing under the institution's published protocol, the institution shall undertake disciplinary action to enforce compliance, which may include interim suspension, or take administrative measures to electronically deactivate card access (or equivalent) and restrict access to any buildings with the exception of access required to obtain health care services pursuant to campus policy. For students whose access has been restricted, they shall be ineligible to attend live classes (though they may continue in remote coursework only, if available and as subject to campus policy and process), and their parking privileges on campus may be temporarily revoked such that their car may be ticketed or towed if parked on campus. Restricting access to the campus and revoking parking privileges are administrative actions that are not disciplinary in nature, and the affected student may revive full access by obtaining a diagnostic or surveillance test or by submitting negative results of a diagnostic or surveillance test, as applicable. The institution shall notify the student of their reduction of access. Coming to campus or seeking access to a campus building or course without curing this deficiency shall be considered trespassing and may result in investigation and discipline. For students who fail to submit their daily health screening via the institution's supplied portal for at least three consecutive days, without sufficient excuse, the institution shall undertake disciplinary action to enforce compliance, which may include interim suspension, or take administrative measures to electronically deactivate card access (or equivalent) and restrict access to any buildings. For students whose access has been restricted, they shall be ineligible to attend live classes (though they may continue in remote coursework only, if available and as subject to campus policy and process), and their parking privileges on campus may be temporarily revoked such that their car may be ticketed or towed if parked on campus. Restricting access to the campus and revoking parking privileges are not disciplinary in nature, and the affected student may revive full access by submitting their daily health screening. Coming to campus or seeking access to a campus building or course without curing this deficiency shall be considered trespassing and may result in investigation and discipline.

A finding of responsibility and applied sanction of dismissal or suspension shall, consistent with SUNY policy, leave the respondent ineligible for refund of tuition, room, board, or fees, and the student will be responsible for all amounts owed.

X. Disciplinary Procedure

A. Initiation of the Disciplinary Process

1. Any member of the SUNY Schenectady community may file a complaint or charges against any student for misconduct. Any complaint or charges will be referred to the Vice President of Student Affairs.
2. The Vice President of Student Affairs will respond promptly to any complaint or charge filed. The Vice President of Student Affairs will also promptly respond upon knowledge that a violation of the Code may have occurred.
3. All charges shall be presented to the accused student in written form.
4. The Vice President of Student Affairs will determine (a) whether or not the alleged misconduct is within the purview of the Student Conduct Code; and (b) if so, the appropriate procedure.
5. Designation of an Appropriate Hearing Board
 - a. Cases Not Involving Sexual Offense Charges:

Upon receipt of a charge or complaint, the Vice President of Student Affairs or designee may conduct a review to determine if the charges have merit and/or if they can be disposed of administratively by mutual consent of the parties involved on a basis acceptable to SUNY Schenectady. Such disposition shall be final and there should generally be no subsequent proceedings. If the charges are not admitted and/or cannot be disposed of by mutual consent, the Vice President of Student Affairs will prepare written charges and refer the case to the Chairperson of the Student Affairs Committee or designee. The Chairperson of the Student Affairs Committee will appoint

an appropriate Hearing Board and refer the charges to the Hearing Board for a hearing. If the student admits violating institutional rules, but sanctions are not agreed to, subsequent process, including a hearing if necessary, shall be limited to determining the appropriate sanction(s).

b. Cases Involving Sexual Offense Charges:

Upon receipt of a charge or complaint alleging a Sexual Offense, the Vice President of Student Affairs shall immediately forward the charge or complaint to the Title IX Coordinator for handling under the Title IX Grievance Policy and/or the Sexual Misconduct Policy.

6. The standard of evidence used to evaluate a charge or complaint is a “preponderance of the evidence.” Under this standard, a determination must be made on the basis of whether it is more likely than not that the accused student violated the Code.
7. If any disciplinary action is pending against a student, degrees, grade reports, and transcripts may not be issued until the matter is resolved.
8. If the student withdraws from SUNY Schenectady while student conduct proceedings are in process, the student does so with charges pending. The Colleges reserve the right to adjudicate those charges when/if the student returns to SUNY Schenectady.
9. A time shall be set for a hearing, not less than five (5) nor more than fifteen (15) business days after the student has been notified. Minimum and maximum time limits for scheduling of hearings may be modified at the discretion of the Vice President of Student Affairs.

B. Interim Pre-Hearing Measures

1. Interim Suspension: In certain circumstances, the Vice President of Student Affairs, or designee, may impose a College suspension prior to the hearing before a Hearing Board.
 - An interim suspension may be imposed only: (a) to ensure the immediate safety and well-being of members of the SUNY Schenectady community or preservation of SUNY Schenectady property; (b) to ensure the student’s own immediate physical or emotional safety and well-being; or (c) if the student poses an immediate threat of disruption of, or interference with, the normal operations of SUNY Schenectady.
 - During an interim suspension, students may be denied access to the campus, which may include in person, hybrid, and/or online classes and/or all other College activities or privileges for which the student might otherwise be eligible, as the Vice President of Student Affairs or designee may determine to be appropriate.
2. Additional Pre-Hearing Measures
 - No Contact Orders – The Vice President of Student Affairs has discretion to issue no-contact orders to the complainant and respondent, depending upon the nature of the charge or complaint.
 - Interim Measures – SUNY Schenectady shall provide a complainant with reasonable and available interim measures and accommodations that affect a change in academic, employment, transportation or other applicable arrangements in order to help ensure safety, prevent retaliation and avoid an ongoing hostile environment, depending upon the nature of the charge or complaint.

C. Hearing Procedures. The following procedures are applicable to hearings before a Hearing Board:

1. The Vice President of Student Affairs shall designate a Chair who shall ensure compliance with these procedures.
2. Hearings normally shall be conducted in private.
3. Advisors:
 - The complainant and respondent each will have the option to have an advisor throughout the Code process.
 - The advisor cannot personally participate, except to ask cross-examination questions during the hearing.
 - If a student chooses to have an advisor who is not a member of the SUNY Schenectady community, the student must inform the Vice President of Student Affairs of the name of their advisor at least three business days prior to the scheduled hearing. Students who wish to have their advisors notified regarding the hearing date and other matters should also notify the Vice President of Student Affairs and provide their advisor’s contact information.
4. The complainant, respondent, and their advisors, if any, shall be informed in writing of the day, time, and location for the hearing. Hearings will convene as scheduled unless the Hearing Board has been notified of and approves a request to reschedule. The hearing will proceed even if the complaint, respondent, advisors, and/or witnesses are not in attendance.

5. Parties and advisors in attendance at a hearing are not permitted to video or audio record the hearing. The Hearing Board shall ensure that the hearing is recorded. The record can initially be a tape recording; however, this tape recording should be transcribed following the hearing. The record and transcription of the hearing will be confidential, except as otherwise provided herein. The record shall be the property of SUNY Schenectady. The record, including the documents entered into evidence, will be transmitted to the Student Affairs Office along with the Hearing Board's report and recommendation.
6. Prior to the start of the hearing, if the parties wish to challenge the designation of any members of the Hearing Board, the student must raise this concern to the Vice President of Student Affairs, who will hear the reasons for such challenge and determine whether a member of the Hearing Board must be replaced.
7. Attendance at hearing:
 - The complainant, respondent, and their advisors, if any, shall be permitted to attend the entire portion of the hearing at which information is presented. They shall not be permitted to attend the Hearing Board's deliberations.
 - When requested, a student must appear before a Hearing Board for the purposes of providing information relevant to a Code proceeding. The College will change the date/time for such an appearance if the accused student provides a good reason why they cannot appear as directed. Failure to appear or willful failure or refusal to provide information, unless it will result in self-incrimination, may result in student conduct action. The Hearing Board may draw a negative inference from the failure or refusal to provide information, even if such failure or refusal is due to concerns about self-incrimination.
 - If an accused student, with notice, does not appear at a hearing, the information in support of the charges shall be presented and considered, even if the accused student is not present.
 - The Hearing Board may accommodate concerns for the personal safety, well-being and/or fears of confrontation of the complainant, accused, and/or other witness during the hearing by providing separate facilities, by using a visual screen, and/or permitting participation by telephone, video tape, written statement or other means, where and as determined in the sole judgment of the Vice President of Student Affairs to be appropriate.
8. At the beginning of the hearing, the Chair shall delineate the hearing process. This includes informing the participants that the Hearing Board may remove and prohibit the participation of anyone disrupting the hearing. All questions regarding whether potential information will be admissible in the hearing and all procedural questions with respect to the hearing, shall be resolved by the Chair of the Hearing Board.
9. Formal rules of process, procedure, and/or technical rules of evidence, such as those which are applied in criminal or civil court, are not used in Code hearings.
10. The Hearing Board will be responsible for maintaining a disciplinary procedure that makes reasonable efforts to accommodate concerns for the personal safety, well-being and/or fears of confrontation of the complainant, the respondent, and/or witnesses during the hearing by providing security present at the hearing, permitting participation by telephone or other web-based access, permitting witnesses to submit written statements, and/or other means as determined by the Hearing Board to be appropriate.
11. The complainant and respondent will each have an opportunity to present information and evidence, answer questions from the Hearing Board, and question their witnesses. Complainants and respondents may not directly cross-examine the other party. They may have their advisors conduct the cross-examination, or submit questions to the Hearing Board in advance of or during the hearing to be asked of the other party. Throughout the hearing, the Hearing Board has the discretion to limit testimony to information relevant to the disposition of the charge or complaint, and prohibit repetitious or redundant testimony.
12. Pertinent records, exhibits, and written statements (including student impact statements, written statements made by members of the Colleges' community dealing with the impact that the accused student's conduct has had on a particular student or students or upon SUNY Schenectady students in general) may be accepted as information for consideration by a Hearing Board, at its sole discretion.
13. After the portion of the hearing concludes in which all pertinent information has been received, the Hearing Board shall determine, by majority vote, whether they believe that the respondent has violated each section of the Student Conduct Code which the student is charged with violating, using the preponderance of the evidence standard.
14. If the College withdraws a complaint, a College representative shall discuss the reasons for the withdrawal with the reporting individual and no Hearing Board hearing will be held. In the event that the complaint is withdrawn after a hearing is completed, the Hearing Board will not issue a determination.

15. The Hearing Board may consider mitigating and aggravating circumstances when choosing whether or not to recommend a sanction and the severity of the sanction, including without limitation any or all of the following:

- Nature of the offense;
- Severity of the damage, injury, or harm resulting from the offense;
- Whether the respondent promptly took responsibility for their actions;
- Present demeanor of the respondent;
- Past disciplinary history of the respondent, which includes, without limitation, completion of or pending disciplinary sanctions from past cases;
- The respondent's honesty, or lack thereof, and the cooperation demonstrated during the investigation of the complaint and subsequent disciplinary proceeding;
- Whether the charge involved an action directed at another based upon race, religion, ethnicity, national origin, gender, age, physical or mental disability, sexual orientation or another protected characteristic under federal, state, or local law or College policy;
- The recommendation of associated victims or parties to the incident; and
- Any other factor deemed relevant by the Hearing Board.

D. Review by Vice President of Student Affairs:

The Vice President of Student Affairs may, following a review of the record, accept or reject the Hearing Board's determination of fact and the sanction recommendation. - Disciplinary Probation: suspension of a student from any or all College programs or activities that do not relate directly to the student's academic performance;
- Suspension: discontinuance from classes and other designated privileges or activities for a definite period of time;

XI. Notification

- A. Within five (5) business days of the receipt of the Hearing Board's written report and recommendation, the Vice President of Student Affairs will notify both parties simultaneously in writing of the result of the Code review, any sanctions imposed, the rationale for the result and the actual sanctions imposed, and the findings of fact, by mailing a copy of results by e-mail and certified mail to the last address provided to the College by the respondent and complainant. The parties will also be informed of their right to appeal the decision to an Appeals Board within two (2) business days of the decision, pursuant to the procedures set forth below.
- B. The decision of the Vice President of Student Affairs shall take effect immediately unless otherwise provided for in the student notification, and such decision shall be final except as provided for in the appeal process.

XII. Appeal Process

- A. A final determination by the Vice President of Student Affairs may be appealed by the respondent and/or the complainant to an Appeals Board within two (2) business days' receipt of the determination. Such appeals shall be in writing and shall be delivered to the Vice President of Student Affairs.
 - Upon receipt of an appeal, the Vice President of Student Affairs will confirm that the appeal is supported by one of the reasons listed in section C below.
 - If no appeal is submitted to the Vice President of Student Affairs within two (2) business days of the decision, the determination of the Vice President of Student Affairs will become final, unless the individual filing the appeal can establish good cause for the delay in filing the appeal.
- B. Appeals can be requested for one or more of the following reasons only:
 - To determine whether the penalty is inappropriate to the finding (including where a student admits to wrongdoing, and an agreement is reached on liability, but no agreement is reached regarding penalty);
 - To determine whether the Vice President of Student Affairs' findings are supported by the evidence;
 - To determine whether the student's procedural rights were violated; or
 - To determine whether new evidence, which was unavailable at the original proceeding, has been discovered.
- C. If the Vice President determines that the appeal was not requested for one of the above listed reasons, the appeal shall be dismissed. If the Vice President of Student Affairs determines that the appeal falls within one of the above-listed reasons, a copy of the hearing transcript will be provided to the both parties as soon as it is available.
- D. Once the appellant receives the transcript, the appellant will have five (5) business days from receipt of the transcript to present their reasons for the appeal with supporting documentation. The other parties must be provided with notice of the appeal, with access to the same evidence made available to the appellant (including the transcript), and with the same opportunity to submit supporting documentation. However, the other parties are not required to submit supporting documentation.
- E. If the appellant fails to submit supporting documentation within five (5) business days after review of the transcript, the determination of the Vice President of Student Affairs will become final, unless the appellant can establish good cause for the delay in filing the submission.
- F. If a proper appeal and submission are filed, the Vice President of Student Affairs shall appoint an Appeals Board. The transcripts and all case documentation, including any appeals and submissions, shall be delivered to each member of the Appellate Board.
- G. The Vice President of Student Affairs shall convene an Appeals Board within ten (10) days of receiving the appellant's submission. The Appellate Board shall reach a determination within ten (10) business days of being convened.
- H. Except as required to explain the basis of new evidence, an appeal shall be limited to review of the verbatim record of the initial hearing and supporting documents.
- I. The parties will be informed, in writing, of the result of the appeal. Delivery of this outcome will not be delayed to either party, and should occur as nearly simultaneously as possible, without unnecessarily bringing those in conflict into close proximity to each other.

XIV. Student Disciplinary Files and Records

- A. **Cases Not Involving Crime of Violence Charges:** The Vice President of Student Affairs will establish a student disciplinary file whenever a case is referred for investigation of a possible Code violation. A student's file will be destroyed if the investigation indicates that no violation occurred. Other than in cases involving College suspension or expulsion, prohibition from professional practice or revocation of degree, or crimes of violence (including but not limited to Sexual Offenses), the file of a student found to have violated the Code will be retained for four years from the date of the disciplinary hearing decision. However, records may be retained longer or permanently if the student was suspended or permanently dismissed, or if there is reason to believe the case could result in future litigation. The case summary will be retained on the campus database indefinitely. The record shall be maintained separate and apart from the student's permanent record by the Student Affairs Office.
- B. **Cases Involving Crime of Violence Charges:** If a student is suspended or expelled after being found responsible for a crime of violence (including, but not limited to, a Sexual Offense), SUNY Schenectady must make a notation on the student's transcript that they were "suspended after a finding of responsibility for a code of conduct violation" or "expelled after a finding of responsibility for a code of conduct violation." If a student withdraws from SUNY Schenectady while such conduct charges related to crimes of violence are pending against the student, and declines to complete the disciplinary process, SUNY Schenectady must make a notation on the student's transcript that the student "withdrew with conduct charges pending." These transcript notations can be appealed by contacting the Title IX Coordinator at titleix@sunysccc.edu. Transcript notations for violence-related suspensions shall not be removed prior to one year after conclusion of the suspension. Transcript notations for violence-related expulsions shall never be removed from a student's transcript. If a finding of responsibility is vacated for any reason, however, the transcript notation must be removed.
