

Below you will find some helpful information from the Social Security Administration (SSA). The SSA website also has a lot of information and can answer many questions that potential retirees find helpful.

For anyone that has specific questions, SSA can be reached Monday- Friday 8:00am– 4:00pm at 1-866-964-1296 or extended hours on our national number at 1-800-772-1213.

The best way to estimate someone's specific retirement benefit is to sign-up for a *my* Social Security Account.

You can get retirement estimates, check your earnings history, file an application online, and even manage your benefits using your account. Below is a link to the SSA publication and direct access to the *my* Social Security Account access.
